Re: Defamation and Harassment of Darcy Quintana, her family and coworkers

Dear Heather,

This letter is to very clearly request you immediately cease and desist all actions and efforts that have the effect of defaming and harassing myself, Darcy Quintana, my family and my coworkers.

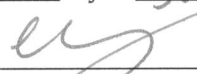

On Friday 7/25/16, it was brought to my attention by my employer, Walnut Hill Medical Center, that you had published defamatory comments against my person by posting inflammatory and dishonest comments on my employer's company Facebook Page. You have done this because of your personal disagreements with others and your desire to win a lawsuit and have used the false statements to harass, annoy, humiliate, and cause harm that could result in my termination of employment. These untrue comments have also been viewed by friends, coworkers, family members, patients and potential patients of my employer, and strangers to me. Several of these persons have perceived your attacks as harassment and a means to intimidate potential witness in your personal filed suit against the Garland Soccer Association.

I am demanding that you not defame or contact me, my family, and my places of employment by any means, which includes in person at my home, at my work place, social events, via phone, mail, courier, email or social media, including any and all publically published media such as your blogs, face book, newspapers, twitter, billboards, flyers, notices, and any other media available to members of the public. I further demand that you immediately retract, delete, remove, erase any and all currently available defamatory material or comments and any attempts to contact any of the above.

However most importantly your personal suit has absolutely nothing to do with Walnut Hill Medical Center. Please be advised that I have contacted my attorney and will proceed with further legal action if you do not immediately comply with my request.

Thank you,

  
Darcy Quintana
